"STILL ALIVE," SAY IMPRISONED MINERS

Communicate With Surface by Tapping on Pipes.

RESCUE PARTY NOW AT WORK.

Buried Deep In Pennsylvania Mine, Miners Keep Up Their Courage and Hope Soon to See Light of Day. Anxious Relatives Around Mine.

Johnstown, Pa., May 1.—"Still alive," was the report brought to the surface Tuesday by the rescuing party that has been trying to reach the seven men who have been imprisoned in the Berwynd-White mine at Foustwell since last Friday.

Without food or water the men have been able to make known that they were not drowned, by tappings on compressed air pipes, signals that put renewed vigor into the men working at the pumps to empty the mine sufficiently to enable the men to be brought out.

Nine pumps have been at work since last Friday night, and Monday another one of immense size was addded to the equipment. These ten pumps are emptying the mine at the rate of 2,000 gallons a minute, and Tuesday it was expected that before many hours the men would be rescued.

Physicians are at the mine's mouth, with groups of relatives, and the families and friends of the men thought to be among the imprisoned.

TRAGEDY AT MACON.

Merchant Shoots Printer, Who, He Claims, Betrayed His Sister.

Macon, Ga., May 1.—L. Demis Strong, manager for the Kress Ten Cent store in Macon, shot and killed Henry Smith, a printer, on Second street, here Monday at noon, firing five times, after which he walked toward the police station until he met Patrolman Griffin and gave up.

The tragedy occurred on account of alleged improper relations between Smith and Miss Lilla Strong, a sister of the man who did the shooting.

Without a word that was heard by people on the streets, Strong and Smith met in front of Smith's printing office, almost directly in front of the telephone exchange, and within the time it takes to fire five shots in quick succession, Smith was lying upon the sidewalk in a dying condition.

The slayer then turned coolly and made no effort to get away.

The Illinois Central's southbound passenger train was detained at Covington for several hours by the storm and accumulation of debris along the track.

A severe rain and electrical storm was general in this vicinity.

CAN FORCE ROADS TO CONNECT

U. S. Supreme Court Says Roads Can Be Compelled to Adjust Schedules.

Washington, May 1.—The supreme court of the United States has decided in effect that the railroad commissioners in the state of North Carolina can compel a railroad company operating in that state to so adjust its schedule as to acommodate passengers on other lines from any particular part of the state.

The opinion was delivered by Justice White in the case of the Atlantic Coast Line Railroad company vs. the corporation commission of North Carolina. The case arose out of an order issued by the commissioner directing the railroad to make connection at Selma at 2:20 p. m. with a train on another line running from the eastern part of the state, with the object of accommodating passengers whose destination was Raleigh.

The railroad company resisted the order on the ground that it could not be complied with without putting on a special train which would involve extra expense. This, it was contended, amounted to taking without due process of law. The commission justified its course on the ground that compliance with the order was necessary to accommodate a large part of the public.

The supreme court of North Carolina and its decision was affirmed by Tuesday's action of the supreme court of the United States on the ground that the order of the commission does not affect rates, but is a proper act of state regulation.

Many Petitions for Man's Pardon.

Washington, May 1.—President Roosevelt in a note to the department of justice Tuesday, expressed the opinion that John William January, of Missouri, should have his sentence commuted at once or be pardoned outright. January was convicted some years ago of robbing a postoffice in Oklahoma, and served the greater portion of a five-year ventence at Leavenworth. He then escaped and after nine years of liberty was rearrested in Kansas City and returned to prison. Many petitions have reached the president asking for his pardon. He had lived in Kansas City under the name of Charles W. Anderson during the time he was at liberty.

MADAME BARADINA'S ROMANTIC HISTORY

Well Known Revolutionist Who Suicided Recently.

FUNERAL OCCURRED TUESDAY

Daughter of Wealth Who Left Home to Engage in the Revolutionary Propaganda—Was Arrested Once and Imprisoned for Two Years.

St. Petersburg, May 1.—The funeral Tuesday of Mme. Madezhda Baradina, a well known revolutionist, who committed suicide abroad, has aroused the greatest interest in revolutionary circles on account of her romantic history.

Mme. Baradina was the daughter of a rich manufacturer, of good social position, and left her home to engage in the revolutionary propaganda.

She was sent to Kieve, where she was arrested and imprisoned for two years, being released in October, 1905, on condition that she went abroad, where she met M. Baradina who was known as an energetic member of the organization and married him.

A few days ago Mme. Baradina accidentally opened a letter showing that her husband was a traitor who had successfully planned the arrest of an important group of terrorists, and even proposed to bring his wife back to Russia in order to deliver her into the hands of the police. The police advised him to delay the latter step in order to avert suspcion.

Mme. Baradina after reading the letter, took poison.

Her remains were brought to St. Petersburg, and were interred here Tuesday, the coffin being buried in wreaths of crimson flowers.

CORPORATION MAKES RETURNS.

Central of Georgia Shows Increased Valuation of Nearly $500,000.

Atlanta, May 1.—Returns for taxation for 1907 for a number of large corporations reached Comptroller General Wright Monday, but owing to the press of business, he has not yet had time to consider and act upon them.

That he will demand substantial increases in most of the cases, there can be but little doubt, considering what he has already done and said on the subject.

The largest return received was that of the Central of Georgia Railway company. The Central's total return was $16,823,850, as against $16,352,892 in 1906. An increase is here shown of $470,968, but in the returns for 1906 was included $538,027 of cash and bonds, while only $153,010 of cash and bonds is shown in this year's return. It is contended, therefore, when this fact is considered, that the Central's return for 1907 shows a real increase of more than $800,000. Of the total return, the Central's franchise is put in at $3,303,321, an increase of $72,998, which is the amount returned for the franchise of the new Columbus-Newnan branch.

Savannah, Ga., May 1.—Judge Cann has granted the charter for the Pneumatic Cotton Picker company, of which M. M. Stewart, A. G. Kinyon, J. R. Malcolm and R. T. The machine will work by the suction process and it is estimated that it will pick 5,000 pounds of cotton a day.

TO COST $5,000,000.

Hotel and Theater Building Is Being Planned for Chicago.

Chicago, May 1.—A hotel and theater building to cost nearly $5,000,000 (including the ground on which it will stand) will be erected inside the elevated loop district of Chicago.

The theater will be the property of the United States Amusement company, the outgrowth of the recent merger of Klaw & Erlanger and other syndicates, while the hotel will be the property of the same people, although they will incorporate for this purpose under another name.

A site for the structure has been practically agreed on, but will not be made public until another name, the final one to the deal, has been determined upon. A. L. Erlanger, president of the company, and its managing directors, spent the day in Chicago Monday. He said the plans for the theater which would be known as "The Chicago" had been drawn.

The new theater is due to open within a year or so, and it is expected the hotel will be ready soon afterward.

LADIES WILL TAKE CHARGE OF HOSPITAL

That Institution Will be Turned Over to Ladies' Aid Society.

AN INTERESTING MEETING

Of the Gainesville and Alachua County Hospital Association Was Held, at Which New Officers Were Elected. Other Important Matters Transacted.

In accordance with the call, the Gainesville and Alachua County Hospital Association held a most interesting meeting at the offices of Hon. W. W. Hampton Tuesday evening, which was largely attended, and at which a great deal of enthusiasm was manifested.

At this meeting Col. W. W. Hampton was elected president of the association, C. W. Chase, formerly elected to the position, having declined to accept the honor because of the fact that his time is so fully occupied with his own business that he did not feel he could give the position the time it required and should have. Chas. A. Colclough was elected first vice-president, succeeding Col. Hampton, who had been elevated to the president's chair.

B. F. Hampton, chairman of the board of trustees and the executive committee, resigned from these positions some time ago, because he was unable to give the management of the hospital the attention which he deemed it should have. Rev. Thos. P. Hay, pastor of the First Presbyterian church, was elected to succeed Mr. Hampton. Mr. Hay is recognized as a man of great executive ability, and the association did well in electing him to this responsible position.

A motion was made and carried to the effect that the Ladies' Aid Society assume the management of the hospital for a term of six months, under the supervision of the board of trustees and executive committee, as the ladies are deeply interested in the association, much good is expected from this move.

Ferdinand Bayer, secretary of the association, made a full and detailed report, which was ordered approved.

Mrs. Alice E. Broughton, superintendent, through the secretary, made a full report, which was also ordered approved.

H. E. Taylor, treasurer, submitted a full and itemized statement of his accounts, with vouchers attached, showing receipts and disbursements to date. Upon request of Mr. Taylor for a committee to examine his accounts, the chair appointed a committee consisting of Dr. C. L. Carter and A. L. Vidal to examine and check the same. The committee at once proceeded to examine and check up said accounts and vouchers, and in a very short time reported Mr. Taylor's accounts correct, and the same were ordered approved.

Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. NEWS OF CITY AND COUNTY CONDENSED

C. D. Schafer expects to return today from Levyville, where he has been for the past two days erecting a handsome monument over the grave of Senator N. R. Carter, recently deceased. This will be one of the finest monuments in Levy county, and will mark the last resting-place of one of her favored sons who has done much toward her advancement.

T. E. King, formerly soliciting agent for the Armour Car Lines, but now traveling freight agent of the Southern Railway, with headquarters in Jacksonville, was in the city Tuesday in the interest of his line. Mr. King is quite popular in this section, having been coming here for a number of years. He will no doubt reap a good harvest in freight business for the Southern here.

Mrs. E. H. Akley and daughter, Miss Inez, of Dummer, Vt., who have been here for several weeks as guests of the former's sister, Mrs. I. E. Webster, at her beautiful home, "The Pines," North Gainesville, left Tuesday for their home, being accompanied as far as Jacksonville by Mrs. Webster. After spending a few days in that city Mrs. Akley and her daughter will depart for the North. Their sojourn here was a very pleasant one, during which they made many friends, and were objects of much social attention.

Mrs. Geo. P. Morris and charming little daughter, Miss Joe-Anna, have gone to Waldo, where on last night they attended one of the most gorgeous social functions held in that town for many years, being the China wedding of Mr. and Mrs. George S. Granger, celebrating the twentieth anniversary of their marriage. The affair has been announced for some time, and inasmuch as this estimable couple have a large number of friends in every section of the country, the same was no doubt largely attended. Mr. and Mrs. Granger are among the oldest and most popular "married folks" of Waldo.

A MELROSE SOCIETY.

Ladies' Literary and Debating Society a Fine Social Club.

The Ladies' Literary and Debating Society of Melrose have held their regular meetings throughout the society year. These meetings have been well attended and much interest shown in the subjects chosen by the members for discussion, some having written original papers.

Our musicale was given by local talent and visiting residents; two public lectures, one by Mrs. E. M. King on "Scandal—Its Right and Its Wrong Side," and one by Rev. Mr. Goodwin on "Common Words and Common Phrases." Two social teas were given which were much enjoyed by the members and their families.

It would be hard to find in this State or any other a small band of women who have built themselves a hall and have carried on a society of this kind for sixteen and a half years, and have given to the community each year public lectures or entertainments which have always been instructive and of a high grade.

May the interest increase, and the society be of still greater benefit to the charming little town of Melrose.

STATE BASEBALL LEAGUE.

Effort to be Made Tonight to Organize a State Association.

An effort will be made tonight to organize a State baseball league, and those who are interested are requested to meet at the council chamber, city hall, at 7:30 o'clock.

Palatka, St. Augustine, Ocala, Gainesville, Live Oak, Lake City, Starke, and other neighboring towns are anxious for a league, and if such a venture can be properly launched, with proper management, there is no reason why these cities cannot form a State league.

Everybody interested in baseball are requested earnestly to be on hand tonight at the council chamber.

BRONCHIAL COUGHS.

Breath Hyomei's Healing Air and All Irritation Will Be Quickly Cured.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough, which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroyes all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of the mucous membrane lining the air passage and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

If there is any doubt in your mind as to the power of Hy-o-mei to cure bronchial troubles so that the system will resist coughs and colds, the unusual way in which it is sold by J. W. McCollum should dispel that doubt. He agrees to refund the money to any purchaser of Hy-o-mei who is not perfectly satisfied with the result following the use of the remedy. He takes all the risk and if the remedy does not help you it does not cost a penny, while if it cures, the expense is nominal, for a complete Hy-o-mei outfit is sold at only $1.00.

POSSE AFTER NEGRO.

Daughter of Farmer Victim of Attempted Assault.

Fairburn, Ga., April 30.—Miss Stella Wade, the pretty 17-year-old daughter if Alex Wade, was the victim of an attempted assault in her room at her father's house, one and a half miles south of this town, just before midnight Monday night. Her assailant is a large mulatto, about 30 years old, whom she recognized clearly as Charles Reeves, a negro tenant of Lucien Duke, whose farm is not far away.

Miss Wade was sleeping in her room alone Monday night, when, just before midnight, she was awakened by the presence of some one near her bed. She screamed and the negro became frightenedfi slipped out of the window by which he had entered. The negro immediately re-entered the room armed with a large rock and threatened to kill her. She, however, managed to escape, and gave the alarm.

A posse of neighbors was organized and started after the negro.

The pursuit will be kept up until the negro is captured. There is some talk of lynching, but cool, clear heads say there will be no lynching, but that the negro will be safely carried to jail and securely kept until he is disposed of by the superior court.

THE DRINKING OF WATER.

It is said to be a fact that a great many people do not drink sufficient water. Whether this is due to the unpalatability of the water supplied to not a few of the cities of this country or to other causes, the effect is said to remain, and the statement is made that directly thereto is to be traced not a little of the sickness doctors are called upon to treat. Especially is this true of disorder of the kidneys and bladder, which organs are said to be greatly benefited by the flushing that naturally follows the free use of good drinking water. The lack of such flushing is asserted to be in large measure responsible for many of the kidney and bladder disorders with which physicians have to contend. A favorite and successful treatment for such cases, used by progressive medical men, consists of the administration three times a day of a tablespoonful of this prescription, which any first-class pharmacist can compound: ¼ oz. Fluid Extract of Buchu, ¼ oz. Fluid Extract of Uva Ursi, 1 oz. Amet Cordial, ¼ oz. Fluid Extract of Liverwort and 15 ozs. water. A feature of this treatment is the direction to the patient to drink plenty of water and to continue the use of the medicine for at least a month, in order that the impurities which cause the disorder may be entirely eliminated from the system.

S.S.S. REMOVES BLOOD HUMORS

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc. is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

U. S. GOVERNMENT GETS BIG VERDICT

Jury Finds That Lumberman Cut Government Timber.

A GREAT LEGAL VICTORY

The Facts Were Worked Up and Presented by Special Agent A. Paul, Who Dwelt Upon the Case for Several Months—Witnesses Examined.

Through the energy of Captain A. Paul, special agent of the United States land office, who is ever alert for the interest of the public lands owned by the United States Government, one of the most important cases of trespass tried in Florida for several years has just come to a close in the United States Court for the Southern District of Florida at Tampa, resulting in a verdict of $12,000 against a prominent lumberman.

It was through the efforts and shrewdness of Special Agent Paul that the case was prepared and presented to the court. Captain Paul worked long and faithfully securing evidence, and many witnesses testified.

The Tampa Morning Tribune of the 30th ult. contains the following in regard to the case:

"Verdict in favor of the Government for $12,000 was brought into federal court yesterday by the petit jury in the case of the United States vs. W. O. Welles, a wealthy lumberman of Nocatee, DeSoto county. This case has been the most interesting tried at this term of the court. The United States was represened by District Attorney John M. Cheney and Assistant District Attorney Marks, the former making the address to the jury for the government, while the latter aided in the presentation of evidence. Witness after witness was examined and several days were consumed in the hearing.

"Through its witnesses the Government showed that Mr. Welles had shipped about 1,000 acres of Government land of timber, the Government showing the actual number of stumps left as evidence that the trees had been felled. Mr. Welles maintains a big lumber plant at Nocatee and the contention was that the lumber had been hewn as product for this.

"The defense was represented by Sparkman & Carter of this city, and by Treadwell & Treadwell of Arcadia, W. A. Carter and John A. Treadwell attending the trial for their respective firms. During the progress of the trial, all procedure was stayed at one point, while the jury was taken to DeSoto county and shown the tract alleged to have been despoiled."

POPPELL—CAILE.

Marriage of Two Popular Young People at Island Grove Saturday.

One of the prettiest weddings of the season was that of Miss Jessie Lula Caile and Mr. Joseph Clayton Poppell, which occurred at the Methodist church of Island Grove at high noon, Saturday, April 27th.

The church had been most beautifully decorated by the friends of the bride, the color scheme of white and green being carried out in an artistic arrangement of palms, ivy, magnolia, oleander and potted plants.

Promptly at the appointed hour the strains of Mendelssohn's wedding march pealed from the organ under the skilful touch of Miss Stella Martin, one of Marion county's most talented young ladies. To the signal given by Mrs. Theo. J. McBeath, the charming wife of our efficient high school principal, the bridal party advanced down the aisle. First came Mr. Willie J. Evans and Mr. Turner Z. Cason; Mr. Charlie L. Fisher and Mr. Horace V. Cassels, who, crossing, took their places to the right and left of the altar. Following them came the bridesmaids, Miss Bessie Baker and Miss Mary Francis McBeath, crossing as did the ushers at the altar.

All eyes were directed toward the lovely bride advancing with her sister, Mrs. Frank Ayers, as matron of honor, and preceded by her niece, dainty little Rena Mae Caile, who bore on a white silk cushion the wedding ring. They were met at the altar by the groom and his best man, Mr. J. Willie Poppell. The ceremony was performed in a most impressive manner by Rev. A. C. Odom of Starke.

The bride was most becomingly gowned in a lovely white organdie, with very elaborate lace and ribbon trimmings. Her bouquet was of white oleander and ferns, tied with white tulle. A wreath of lillies-of-the-valley adourned her hair.

The matron of honor was exquisitely dainty in white lingerie gown of Persian lawn and lace with ribbon. Both bridesmaids were charming in flowered silk organdie with valenciennes. Miss Baker in pink and Miss McBeath in blue. All carried shower bouquets of Marchal Neil roses and maiden hair fern, tied with tulle to match costumes. The little ring bearer was dainty and sweet in white China silk, with lace.

Immediately after the ceremony the bridal party were driven to the home of Mrs. B. T. Cason, where a most delicious wedding breakfast was served. Here the color scheme of white and green was tastefully carried out in parlors and dining-room, and the wide veranda, where Mrs. Cason received her guests in her own charming manner, was a perfect bower of beauty.

The large wedding cake held the place of honor in the center of the handsomely appointed table. The cutting of the cake for ring, thimble and dime resulted in much fun among the guests.

The bride's going-away gown was a lovely grey cloth eton suit, with Persian bands. With this was worn a dainty silk waist, with hat and gloves to match.

Amid the showers of rice and good wishes of their many friends, the newly wedded pair took their departure on the 2:10 train for New River, where they will visit the parents of he groom before going to their future home at Lawtey.

Both Mr. and Mrs. Poppell are known as among Florida's most gifted teachers. The bride has always made her home in Island Grove, where she has endeared herself to all who know her by her lovely disposition and noble character. Mr. Poppell is the principal of Lawtey High School, where he is greatly admired by both patrons and pupils.

The wedding presents were most numerous and beautiful, consisting of silver, cut glass and china.

Among the out-of-town guests present were: Mrs. Frank Ayer of Ft. Pierce, Miss Stella Martin of Ft. McCoy, Mr. J. Willie Poppell of Jacksonville, Mr. Turner Z. Cason and Mr. Charlie L. Fisher of the University of Florida, and Messrs. Tom and Edd Poppell of New River.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.

Montevideo, April 30.—A violent storm occurred in the harbor here on Sunday, causing considerable damage to shipping. An Argentine bark sank, but the crew was saved.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

RETALIATORY TARIFFS.

The whole blame for the tariff war with Germany, Russia, Canada, France, Austria, Italy and other countries which are retaliating against our high tariff duties must remain upon the Republican leaders who are so wedded to the present tariff. They have refused to ratify treaties negotiated with Germany and similar treaties negotiated with other countries, all of which were arranged by the McKinley administration. The refusal to ratify these treaties by the standpatters was notice that we did not care for reciprocity of trade with those countries and this attitude very naturally had led to reprisals and the further increase of duties by those countries to prevent the importation of American products.

The new Canadian tariff increases the duties on American goods and shows a greater discrimination in favor of English productions. The increase of the Russian tariff rates has greatly reduced our exports to that country, although it is but fair to say that the unsettled political conditions there have no doubt had considerable influence on all trade in that country. Even Free Trade Holland has raised a 12 per cent tariff wall against us. The new Austrian and Hungarian tariffs discriminate against the United States. The South American Republics are buying less and less of our products since the reciprocity treaties with those countries negotiated by the McKinley administration were strangled by the Republican protectionists of the Senate and only Brazil has given us any preferential advantage, by admitting our products free that compete with Brazilian trusts—a trust remedy that the United States might well copy.

A purblind and greedy protectionism dominates our dealings with foreign countries and having sown the wind we are now reaping the whirlwind by the tariff wars that our countries are waging or threatening to wage against us. So our present tariff not only allows our own people to be plundered by the trusts, but cuts off our trade with foreign countries to which we are compelled to look for our surplus crops.

It is impossible to arrange any tariff that will protect the farmers that produce more of any crop than can be sold in the home market. It is a great outrage to make the farmers pay the high trust prices for what they buy and the high wages for labor that these high prices artificially produce when they are compelled to sell their surplus in competition with all the world. Wheat and cotton, our two great staples for export, are now selling but little above the cost of production, with the prospect that both may be still lower in price, if good crops here again make a big surplus and there are fair crops abroad.

Thus the tariff works to the disadvantage of the farmers and the city consumers, for all they buy is now over 50 per cent dearer and their incomes have not increased in like proportion. But the trusts and protected interests are waxing fat at the expense of every one else and this policy is what the Republican leaders style protection—protecting the few at the expense of the many.

A new immigration committee appointed toward the close of the last Congress, has been in session in Washington this week considering the best steam lines and most attractive health resorts from which with their families to prosecute their inquiries in Europe. This commission, which will start on its arduous health resort tour between the first and the twentieth of May, is about the greatest joke that Congress has ever perpetrated on the Treasury from which they will draw all their traveling expenses. After all the investigating and reporting over immigration that has been done, it would seem the Government was in possession of all the facts that could be desired to act intelligently. But there are few things that can be so readily made to conform to the requirements of a pleasure trip as an immigration investigation. All the time can be spent in travel, the more diverse the sections visited the better, and all the report can be written after one comes home with the aid of a cheap stenographer, a Baedeker's Guide and some back files of the Immigration Reports. A literary fellow at twenty dollars a week will do it.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

AN ANIMATED CHASE.

"Old Joe," Brown House Alligator, Made Escape, But Was Captured.

There was some excitement in the vicinity of the Brown House and in the stairway of the Williams block, opposite the hotel, at the midnight hour a few days ago, when "Old Joe," one of the alligators in the Brown House aquarium, succeeded in gaining his freedom through a hole in the wire meshwork which surrounds the pool.

In the quiet of the night, when wise "Old Joe" was laboring under the impression that the majority of the folks, as they should have been, were enjoying their nocturnal slumbers, he crept stealthily out. The saurian must have felt he would find the night clerk of the hotel in his usual midnight habit and ventured through the office in an endeavor to reach the street; but this time the said night clerk fooled his 'gatorship, for he was wide awake. This fact so excited the 'gator that he was at first dumfounded, but inasmuch as he had been successful so far he evidently decided to carry out his plans, and made a bold dash for liberty, making a bee line for the front door. This sudden action naturally caused the clerk to get busy, but an effort to head the saurian off was of no avail, and he gained the street in safety.

With an Indian-like warwhoop he summoned the officers and others in the vicinity who happened to be up at that hour, they observing the clerk chasing some object across the street at a 2:40 gait, and all joind in the chase. His 'gaitorship, realizing that the odds were against him, made the quickest time possible to the stairway leading to the second floor of the Williams building and quicker than a flash the saurian had gained the first landing, offering determined defiance, his tail as a weapon, to the first man who dared approach him. However, a rope was secured, and with the aid of a long pole, thrown about the creature's neck. He was dragged back to his haunts in the rear of the hotel, and dumped mercilessly into the pool with a splash which awoke many of the guests.

The first picture to come into the minds of those who were thus suddenly disturbed was a suicide by drowning, and in less than a moment the pool was surrounded by excited spectators who felt sure there was a tragedy on hand. When the matter was explained all returned to their quarters, the 'gator sank beneath the rippling surface of his aquarium prison, the clerk drew a long sigh of relief, and matters settled down to the usual quietude of a hostelry in the wee small hours.

"STILL ALIVE," SAY IMPRISONED MINERS

Communicate With Surface by Tapping on Pipes.

RESCUE PARTY NOW AT WORK.

Buried Deep in Pennsylvania Mine, Miners Keep Up Their Courage and Hope Soon to See Light of Day. Anxious Relatives Around Mine.

Johnstown, Pa., May 1.—"Still alive," was the report brought to the surface Tuesday by the rescuing party that has been trying to reach the seven men who have been imprisoned in the Berwynd-White mine at Foustwell since last Friday.

Without food or water the men have been able to make known that they were not drowned, by tappings on compressed air pipes, signals that put renewed vigor into the men working at the pumps to empty the mine sufficiently to enable the men to be brought out.

Nine pumps have been at work since last Friday night, and Monday another one of immense size was addded to the equipment. These ten pumps are emptying the mine at the rate of 2,000 gallons a minute, and Tuesday it was expected that before many hours the men would be rescued.

Physicians are at the mine's mouth, with groups of relatives, and the families and friends of the men thought to be among the imprisoned.

TRAGEDY AT MACON.

Merchant Shoots Printer, Who, He Claims, Betrayed His Sister.

Macon, Ga., May 1.—L. Demis Strong, manager for the Kress Ten Cent store in Macon, shot and killed Henry Smith, a printer, on Second street, here Monday at noon, firing five times, after which he walked toward the police station until he met Patrolman Griffin and gave up.

The tragedy occurred on account of alleged improper relations between Smith and Miss Lilla Strong, a sister of the man who did the shooting.

Without a word that was heard by people on the streets, Strong and Smith met in front of Smith's printing office, almost directly in front of the telephone exchange, and within the time it takes to fire five shots in quick succession, Smith was lying upon the sidewalk in a dying condition.

The slayer then turned coolly and made no effort to get away.

TORNADO AT COVINGTON, TENN.

Considerable Damage Reported Done, But No Loss of Life.

Memphis, Tenn., May 1.—A report was received by The Commercial Appeal early Tuesday morning from Covington, Tenn., of a tornado, which struck that place about 10:30 o'clock Monday night, causing considerable damage, but, so far as can be ascertained at that hour, no lives were lost.

Two compresses owned by the Gulf Compress company were unroofed and among the other buildings damaged was the Illinois Central depot.

The Illinois Central's southbound passenger train was detained at Covington for several hours by the storm and accumulation of debris along the track.

A severe rain and electrical storm was general in this vicinity.

CAN FORCE ROADS TO CONNECT

U. S. Supreme Court Says Roads Can Be Compelled to Adjust Schedules.

Washington, May 1.—The supreme court of the United States has decided in effect that the railroad commissioners in the state of North Carolina can compel a railroad company operating in that state to so adjust its schedule as to acommodate passengers on other lines from any particular part of the state.

The opinion was delivered by Justice White in the case of the Atlantic Coast Line Railroad company vs. the corporation commission of North Carolina. The case arose out of an order issued by the commissioner directing the railroad to make connection at Selma at 2:20 p. m. with a train on another line running from the eastern part of the state, with the object of accommodating passengers whose destination was Raleigh.

The railroad company resisted the order on the ground that it could not be complied with without putting on a special train which would involve extra expense. This, it was contended, amounted to taking without due process of law. The commission justified its course on the ground that compliance with the order was necessary to accommodate a large part of the public.

The supreme court of North Carolina and its decision was affirmed by Tuesday's action of the supreme court of the United States on the ground that the order of the commission does not affect rates, but is a proper act of state regulation.

Many Petitions for Man's Pardon.

Washington, May 1.—President Roosevelt in a note to the department of justice Tuesday, expressed the opinion that John William January, of Missouri, should have his sentence commuted at once or be pardoned outright. January was convicted some years ago of robbing a postoffice in Oklahoma, and served the greater portion of a five-year sentence at Leavenworth. He then escaped and after nine years of liberty was rearrested in Kansas City and returned to prison. Many petitions have reached the president asking for his pardon. He had lived in Kansas City under the name of Charles W. Anderson during the time he was at liberty.

Lexington, Ky., May 1.—In the circuit court here Tuesday Judge Walter Parker granted the application for Bill Britton, of Breathitt county, charged with the assassination of Jas. MADAME BARADINA'S ROMANTIC HISTORY

Well Known Revolutionist Who Suicided Recently.

FUNERAL OCCURRED TUESDAY

Daughter of Wealth Who Left Home to Engage in the Revolutionary Propaganda—Was Arrested Once and Imprisoned for Two Years.

St. Petersburg, May 1.—The funeral Tuesday of Mme. Madezhda Baradina, a well known revolutionist, who committed suicide abroad, has aroused the greatest interest in revolutionary circles on account of her romantic history.

Mme. Baradina was the daughter of a rich manufacturer, of good social position, and left her home to engage in the revolutionary propaganda.

She was sent to Kieve, where she was arrested and imprisoned for two years, being released in October, 1905, on condition that she went abroad, where she met M. Baradina who was known as an energetic member of the organization and married him.

A few days ago Mme. Baradina accidentally opened a letter showing that her husband was a traitor who had successfully planned the arrest of an important group of terrorists, and even proposed to bring his wife back to Russia in order to deliver her into the hands of the police. The police advised him to delay the latter step in order to avert suspcion.

Mme. Baradina after reading the letter, took poison.

Her remains were brought to St. Petersburg, and were interred here Tuesday, the coffin being buried in wreaths of crimson flowers.

CORPORATION MAKES RETURNS.

Central of Georgia Shows Increased Valuation of Nearly $500,000.

Atlanta, May 1.—Returns for taxation for 1907 for a number of large corporations reached Comptroller General Wright Monday, but owing to the press of business, he has not yet had time to consider and act upon them.

That he will demand substantial increases in most of the cases, there can be but little doubt, considering what he has already done and said on the subject.

The largest return received was that of the Central of Georgia Railway company. The Central's total return was $16,823,850, as against $16,352,892 in 1906. An increase is here shown of $470,968, but in the returns for 1906 was included $538,027 of cash and bonds, while only $153,010 of cash and bonds is shown in this year's return. It is contended, therefore, when this fact is considered, that the Central's return for 1907 shows a real increase of more than $800,000. Of the total return, the Central's franchise is put in at $3,393,321, an increase of $72,998, which is the amount returned for the franchise of the new Columbus-Newnan branch.

Pneumatic Cotton Picker.

Savannah, Ga., May 1.—Judge Cann has granted the charter for the Pneumatic Cotton Picker company, of which M. M. Stewart, A. G. Kinyon, J. R. Malcolm and R. T. Wilson, Jr., the last of New York, are the incorporators. The company is incorporated with a capital of $200,000. Mr. Stewart contends that the invention owned by the company is perfectly practical. The machine will work by the suction process and it is estimated that it will pick 5,000 pounds of cotton a day.

Charged With Forgery.

New York, May 1.—Jacob Frank, an agent for the New York Life Insurance company, of this city, was arrested Tuesday charged with forgery in the third degree, in connection with the recent election of directors of the company. It is alleged that the signatures of policyholders on some of the ballots cast were forged.

TO COST $5,000,000.

Hotel and Theater Building is Being Planned for Chicago.

Chicago, May 1.—A hotel and theater building to cost nearly $5,000,000 (including the ground on which it will stand) will be erected inside the elevated loop district of Chicago.

The theater will be the property of the United States Amusement company, the outgrowth of the recent merger of Klaw & Erlanger and other syndicates, while the hotel will be the property of the same people, although they will incorporate for this purpose under another name.

A site for the structure has been practically agreed on, but will not be made public until another name, the final one to the deal, has been determined upon. A. L. Erlanger, president of the company, and its managing directors, spent the day in Chicago Monday. He said the plans for the theater which would be known as "The Chicago" had been drawn.

The new theater is due to open within a year or so, and it is expected the hotel will be ready soon afterward.

Fire broke out at 12:30 o'clock on Tuesday morning in the Regal hotel, and spread rapidly, destroying eighteen buildings, in which were located twenty-five business firms, including the First National bank and the Leesville National bank buildings.

The loss is estimated at between $75,000 and $100,000, with insurance of about $50,000.

The origin of the fire is unknown.

Miss McGowan lived on the top floor and her escape was cut off by the flames. The firemen made several daring rescues of other imperilled tenants.

Loss by Fire of $200,000.

Lorain, O., May 1.—Fire of unknown origin late Monday night destroyed the plant of the National Sove company. The loss is estimated at $200,000; covered by insurance. Four hundred men are idle.

Daring Way of Expressihg Thanks.

Madrid, May 1.—Senor Gurtubay, a newly elected deputy to the cortez to express his thanks to his constituents in a practical way is about to give a bull fight at his own expense and at his own peril. He alone will be the matador, and he will undertake to put four young bulls to the sword in the presence of the electors. After the fight the carcasses of the bulls will be cut up into joints and these will be distributed among the poor of Senor Gurtubay's constituency.

Death Sentence for This Man.

Omaha, Neb., May 1.—A special from Grand Island, Neb., Tuesday morning says that John Hamlin, who has been on trial for several days for the murder of Rachel Engle, of that city, has been found guilty of murder in the first degree, with punishment fixed at hanging. Miss Engle was 13 years old and Hamlin, more than a year ago, wanted to accompany her to a carnival. She resisted his attentions, and he shot her. She died several months later as a result of the wound.

Sealing Catch Diminished.

St. Johns, N. F., May 1.—The sealing season closed Tuesday, with a catch estimated at several thousand lower than that of last season. Twenty-three steamers are engaged in the hunting this year, and in every instance reported unusually severe ice and weather conditions. This season's catch is estimated at 240,000, as against 348,000 last year.

The Ladies' Literary and Debatin Society of Melrose have held the regular meetings throughout the s ciety year. These meetings have be well attended and much interes shown in the subjects chosen by th members for discussion, some havin written original papers.

Our musicale was given by loc talent and visiting residents; two pu lic lectures, one by Mrs. E. M. Kin on "Scandal—Its Right and Its Wron Side," and one by Rev. Mr. Goodwi on "Common Words and Common Phrases." Two social teas were give which were much enjoyed by th members and their families.

It would be hard to find in thi State or any other a small band o women who have built themselve a hall and have carried on a society of this kind for sixteen and a hal years, and have given to the com munity each year public lectures o entertainments which have alway been instructive and of a high grade

May the interest increase, and th society be of still greater benefit t the charming little town of Melrose.

FRUIT GROWERS TO BE INVITED

Effort Will be Made to Get Horticultural Society Here

IN NEXT ANNUAL SESSION

The State Society Will Convene in St. Petersburg in May, and Good Delegation Representing Local Society Will Attend the Meeting.

An effort will be made to bring another State convention to Gainesville next year, and a convention of one of the most important associations in the State, the State Horticultural Society.

This society, of which Prof. P. H. Rolfs, director of the Florida Experimental Farm in this city, is president, will hold its State convention this year in St. Petersburg. The session will last for three days, May 14th to 17th, and will no doubt be largely attended. H. S. Graves, Dr. T. F. Thomas, W. N. Wilson, Ferdinand Bayer and others will represent the local society, and will extend to the State society, in behalf of the Gainesville society and the people of Gainesville, a cordial invitation to meet with us in 1908.

The Gainesville society, through the efforts of Mr. Graves and others, has grown wonderfully within the past year or two. Its membership now reaches sixty-eight, and is increasing regularly. It is composed of the best and most progressive class, the personnel being men of integrity and influence.

Mr. Graves states the society has not held a State meeting in the interior for the past ten years, the last being the Ocala meeting, and those societies in the interior feel that they are entitled to some consideration.

A Birthday Party.

One of the latest social events of South Gainesville was a birthday party given at the home of Mrs. Richardson, South Pearl street, April 28, in honor of her daughter, Miss Willie Richardson.

It was greatly enjoyed by those who were present.

For amusement there were games of all kinds, music, etc., followed by delicious refreshments.

Miss Richardson is one of the most charming young ladies of South Gainesville. She did not tell her age, but it is generally known by her social friends. GUEST.

An Omission.

The Sun in its Sunday issue contained a notice of the annual meeting of Lew Wallace Post, G. A. R., together with a list of officers elected for the ensuing term.

In the rush of the moment, the hour of closing the forms having arrived, in some manner the name of Col. A. P. Morrow, one of the oldest and most influential members of the post, was omitted. Col. Morrow was honored by the election of senior vice-commander, while Benjamin Knafzga of Paradise was elected junior vice-commander.

BABY'S FACE IN TERRIBLE STATE

Awful Humor Was Eating Away Face and Ears—Body Mass of Sores—Three Doctors Tried to Help Little Sufferer But She Grew Worse—After Spending Many Dollars On Doctors and Medicine

CUTICURA CURES IN TWO WEEKS AT COST OF 75c.

"I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away. Her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever. Mrs. George J. Steese, 701 Coburn St., Akron, Ohio, Aug. 30, 1905."

MISS THOMAS DEAD.

Well Known Young Woman Passes Away at Apalachicola Sunday.

From Tuesday's Daily Sun.

A telegram was received in this city Sunday night announcing the death of Miss Lillian Maud, daughter of Mr. and Mrs. C. A. W. Thomas, which occurred in Apalachicola during Sunday, after a brief illness of Bright's disease.

Deceased was well known in this city and county, where she was born and reared. She was a young lady of fine intelligence, and her ambition in youth was to master the profession of teaching. She reached the point of her ambition, having been appointed a teacher. She conducted schools throughout the country for several years until failing health compelled her to retire from that vocation. As a teacher she was always a success, and was very popular among both patrons and pupils, all of whom regretted the necessity of her relinquishing her profession.

Deceased was a member of the Baptist Church, and a regular attendant at all services as long as her health would permit. At the time of her death she was in her thirty-first year. She is survived by her parents, two brothers, R. A. and Neill H. Thomas of Palatka, and two sisters, Mrs. M. L. Thompson of Romeo and Miss Ida May Thomas, who resides with her parents in this city.

The sympathy of the community is extended to the family in this hour of bereavement.

The funeral arrangements have not yet been made, but it was the expressed desire of deceased before her death that her remains be interred at the family burying ground in Windsor, and Mr. Thomas feels that this wish should be carried out. Announcement will be made tomorrow.

A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

IN THE MAYOR'S COURT.

Three Cases Were Disposed of in That Tribunal Tuesday Morning.

There were three offenders of the municipal statutes before Mayor Thomas Tuesday morning, one drunk and disorderly and two for disorderly conduct without the humiliating condition of the former.

William Edwards is ordinarily a pretty good kind of a fellow, and like many others who imbibe sometimes too freely in the cup that is red, when he gets a little more than he really ought to have, he begins to celebrate. His voice grows strong, but his knees do not respond, instead growing weaker, which he does not realize until the cop has nabbed him in the collar and started off toward the Arnow "Hotel." Then he begins to reflect that there must be something wrong.

Edwards was on one of these little jaunts when Policeman Kite interfered. He was docketed upon a charge of being drunk and disorderly, and the mayor assessed a fine of $5 and costs.

Jimmy Jones and Sampson Guerry were up for disorderly conduct—in plain words, fighting. It appears that Sampson was comfortably occupying a chair at the home of a friend, when James approached, and that is how the trouble began. It is said that James demanded of Sampson to get up and relinquish the right to the chair, which he had kept warm long enough. Sampson refused, when James endeavored to force him out. Sampson unfortunately did not possess that powerful strength which his namesake of ancient times possessed through his hair, hence got the worst of the difficulty. They were both arrested and arraigned for fighting, when a sentence of $2.50 and costs was imposed on each.

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

A LIVELY EXPERIENCE.

G. H. and Earl Kelley, With Others, Capture Big Alligator.

G. Hartwell and Earl Kelley, together with a half dozen employes of the big Kelly mill at Prairie Creek, had an experience Sunday night which they will not soon forget, but in which they came out the victors, having captured alive an immense alligator measuring ten feet.

Earl Kelley, who resides in this city, spent Sunday with relatives at Windsor. Sunday evening he was driving from Windsor to Prairie Creek, where he intended to spend the night. The night as dark, and when passing through a hammock the horse suddenly shied. At the same time Mr. Kelley heard a tremendous noise, the crackling of leaves under the weight and action of some reptile or animal, and got out to investigate, when he discovered his 'gatorship.

Driving rapidly to the mill, a quarter of a mile distant, he notified his brother, G. Hartwell Kelley, and with a half-dozen employes of the mill, returned to the spot to wage war upon the reptile who had dared to block the roadway. His 'gatorship had disappeared, however, and after a thorough search proved unsuccessful, it was decided to "burn the rascal out." Consequently fires were started, and it was not a great while before there was something doing in the capturing line, for matters got entirely too warm for the saurian, who made his presence known by a vigorous attempt to escape. He was surrounded, however, and soon a heavy chain had been placed about his body.

It required a half-dozen strong men to drag the reptile up the road to the mill, during which there was considerable agitation on the part of both the men and the 'gator.

The formation of the saurian's stomach leads to the belief that he had just feasted on a whole pig.

THE MOTHERS' MEETING.

It Was Held at Home of Mrs. Yocum, and Was a Brilliant Success.

On Monday afternoon a meeting of the Mothers' Club was held at the home of Mrs. Dr. Yocum, East Main street N., which was one of the most largely attended and most interesting yet held in this city.

The program was of a literary and musical nature, opening with reading of the Scripture by Mrs. I. E. Webster. This was followed by a fervent prayer by Mrs. Newton of Virginia, State organizer, who is here in the interests of the W. C. T. U.

There was a reading by Mrs. Fred H. Ford, followed by a vocal duet by Mesdames Elizabeth Smith and L. L. Sandborn, which were greatly enjoyed.

Mrs. Yocum then rendered a delightful instrumental solo, after which Mrs. Sandborn offered a reading, "Off the Hook," which was deeply appreciated for its humor and cleverness.

Mrs. Tom F. McBeath rendered a delightful vocal solo, after which delicious refreshments of strawberry short cake and lemonade were served, and it is needless to add were relished.

During the meeting a petition was circulated and generally signed, asking the Legislature to act favorably and pass the Humphreys temperance bill, now pending.

Mrs. Newton, who is State organizer for the W. C. T. U., is a guest of Mrs. A. W. Taylor while here.

Letter to T. F. McBeath, Gainesville, Fla.

Dear Sir: We should like to set your boys and girls at work on this question in arithmetic and casuistry:

A farmer is fatting three hogs in three small pens; they have equal room and straw and care, and are fed in these three ways; first hog, on a certain proportion of milk and cooked cornmeal; second hog, on the same, half water, third hog, on the same, half water and sawdust. How long will it take, how much will they weigh, how much will they cost, and what'll the profit be on the three?

And a similar question in pigmentry. That same farmer is going to paint three barns same size; and he says to three painters: "what'll you take to paint that barn?"

First painter scratches his head a few minutes and says: "I'l do it for $50."

Second painter: "$75."

Third painter: "$97.48."

Will they each get a barn to paint, or one get two, or one all three, or nobody any; and what'll they make on the job?

That's about how painting goes sometimes.

But there is a way to reckon: $5 a gallon. The difficulty is in knowing how many gallons to buy. There's a way out of that.

Buy the least-gallons paint, Devoe. No matter how much one buys; he returns what's left: costs nothing.

Yours truly,
29 F. W. DEVOE & Co.

TUESDAY'S WORK IN BOTH HOUSES

Interesting Sessions of Both Senate and Lower House.

HOUSE WANTS CHEAP RATES

Mr. Long of Clay Succeeded in Passing His Bill Providing a Rate of 2½ Cents per Mile on Railroads, After Considerable Discussion.

Tallahassee, April 30.—The principle events in the Legislature today were the passage in the House of the bill by Mr. Long of Clay, establishing a maximum passenger rate of 2½ cents a mile and the refusal to reconsider the vote by which the resolution authorizing the employment of an attorney by the investigating committee of the internal improvement board was defeated. The vote on the latter being 29 to 33.

The Long bill passed after a long debate and the loss of a number of amendments proposed to except the short lines, which though acceptable to a large majority of the House, failed of the two-thirds vote necessary to amend a bill on third reading.

Tonight the House and Senate committees on education are holding a public hearing on the several text-book bills.

SENATE PROCEEDINGS.

Senate called to order at 10 o'clock with President Harris in the chair.

The following were among new bills introduced.:

By Mr. West of First—Relating to license to carry concealed weapons.

By Mr. West of First—Relating to duty of deputy sheriffs.

By Mr. Withers of Twenty-third—Relating to allowing of hogs to run at large.

By Mr. Zim, Senate resolution—Relating to the endorsing of William Jennings Bryan for the Presidency. Laid on table subject to call.

House memorial to Congress asking for survey of Florida for ship canal. Adopted.

Special Order.

By Mr. McCreary, relating to salaries of county superintendents.

By Mr. McCreary, authorizing county boards to establish kindergartens. Both to committee on education.

By Mr. Cone, Senate concurrent resolution No. 15—Relating to the donation of the land contiguous to the 100 acres donated by the city of Lake City, asking that the State Board of Education be authorized to make a deed to the property. The resolution was by vote, referred to committee on education.

Bill No. 46, being a special order, was taken up at the request of Senator Adams.

This bill relates to the authorizing of the purchase of a prison farm. The bill was read by sections. Mr. Zim offered an amendment to Section 1, making it necessary to locate the farm on land adapted to the growth of sugar cane; amendment opposed by many Senators. Senator Hudson offered a substitute amendment strking out the words requiring the location in the center of prison population. Mr. Zim withdrew his amendment. Mr. Hudson's amendment was adopted. The bill remains on second reading subject to call.

HOUSE PROCEEDINGS.

Called to order 10 a. m. Roll call. Prayer by Rev. J. B. Pruitt. Approval of journal.

New Bills Introduced.

The following were among the new bills introduced:

By Mr. Carter of Alachua—Relating to superintendent of public instruction.

By Mr. Jones of Brevard—License tax for hunters.

By Mr. Long of Clay—Redemption of tax certificate.

By Mr. Smith of Lake—For prison farm.

By Mr. Rowe of Madison—Prima facie evidence sale of liquors.

By Mr. Peaden of Santa Rosa—Relating granting of license to carry pistols or repeating rifles.

By Mr. Carter of Alachua—Reinvestment of principle of State school fund.

Messages were read from the Senate, and the bills referred to the proper committees.

Bills On Third Reading.

By Mr. Long of Clay—Fixing passenger rates in this State at not exceeding 2½ cents per mile on railroads. Mr. Griggs of Franklin offered an amendment making the maximum three cents instead of 2½ cents. After considerable discussion, the bill was passed by a vote of 43 to 12.

THIS WOMAN WAS HELD.

Rollie Royal, Who Killed Lee James, Said it Was Accidental.

Pleading that the tragedy which caused the death of Lee James, the fourteen-year-old son of Richmond James, colored, at Grove Park, a few weeks ago, Rollie Royal, a negro woman who held the gun that killed him, begged the mercy of Justice Colman's court Monday.

The woman does not deny killing the boy, but states that when the lad came into her back yard she was tampering with the gun, when it was accidentally discharged, the entire contents taking effect in the boy's breast and head, resulting in instant death.

Owing to the fact that the coroner's jury who investigated the affair at the time of the tragedy returned a verdict to the effect that the killing was an accident, and that several witnesses of reputable characters had testified before him in this case, Justice Colman was lenient with the prisoner, offering to release her under a bail of $250 for her appearance at the coming term of the Circuit Court.

The woman has not yet been enabled to secure bond, and is still in jail.

The story of the killing of this boy appeared in The Sun shortly after the tragedy.

COL. RIVERS HOME.

Says Alachua Delegation is Working Hard and Faithfully at Capitol.

Hon. Joseph M. Rivers has returned from Tallahassee, where he has been on professional business for the past two or three days. As will be seen in the Legislative proceedings, Col. Rivers, who was elected State's attorney of the Eighth Judicial Circuit in the November election, has been formally appointed by the Governor, the appointment having been duly confirmed by the Senate. His friends are extending congratulations.

Col. Rivers states that he had the pleasure of mingling with the Representatives of both houses from Alachua county during his stay at the Capitol, and complimented them very highly in the matter of faithfulness to their duties.

BEWARE OF "DIGESTIVES."

The ordinary "dyspepsia" tablet has ruined more stomachs than all other causes combined. Giving temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increasing frequency.

Mi-o-na excites the secretion of gastric juice, and when the food is swallowed, the stomach is ready to digest it.

Mi-o-na stomach tablets are never sold in bulk, but in a neat box convenient for the purse or vest pocket, at 50c.

A guarantee is given by J. W. McCollum with every box of Mi-o-na, that money will be refunded if the remedy fails to give satisfaction. This shows his faith in the merits of the remedy.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

LADIES WILL TAKE CHARGE OF HOSPITAL

AN INTERESTING MEETING

Of the Gainesville and Alachua County Hospital Association Was Held, at Which New Officers Were Elected. Other Important Matters Transacted.

In accordance with the call, the Gainesville and Alachua County Hospital Association held a most interesting meeting at the offices of Hon. W. W. Hampton Tuesday evening, which was largely attended, and at which a great deal of enthusiasm was manifested.

At this meeting Col. W. W. Hampton was elected president of the association, C. W. Chase, formerly elected to the position, having declined to accept the honor because of the fact that his time is so fully occupied with his own business that he did not feel he could give the position the time it required and should have. Chas. A. Colclough was elected first vice-president, succeeding Col. Hampton, who had been elevated to the president's chair.

B. F. Hampton, chairman of the board of trustees and the executive committee, resigned from these positions some time ago, because he was unable to give the management of the hospital the attention which he deemed it should have. Rev. Thos. P. Hay, pastor of the First Presbyterian church, was elected to succeed Mr. Hampton. Mr. Hay is recognized as a man of great executive ability, and the association did well in electing him to this responsible position.

A motion was made and carried to the effect that the Ladies' Aid Society assume the management of the hospital for a term of six months, under the supervision of the board of trustees and executive committee, as the ladies are deeply interested in the association, much good is expected from this move.

Ferdinand Bayer, secretary of the association, made a full and detailed report, which was ordered approved.

Mrs. Alice E. Broughton, superintendent, through the secretary, made a full report, which was also ordered approved.

H. E. Taylor, treasurer, submitted a full and itemized statement of his accounts, with vouchers attached, showing receipts and disbursements to date. Upon request of Mr. Taylor for a committee to examine his accounts, the chair appointed a committee consisting of Dr. C. L. Carter and A. L. Vidal to examine and check the same. The committee at once proceeded to examine and check up said accounts and vouchers, and in a very short time reported Mr. Taylor's accounts correct, and the same were ordered approved.

There being no further business, the association adjourned.

STATE BASEBALL LEAGUE.

Effort to be Made Tonight to Organize a State Association.

An effort will be made tonight to organize a State baseball league, and those who are interested are requested to meet at the council chamber, city hall, at 7:30 o'clock.

Palatka, St. Augustine, Ocala, Gainesville, Live Oak, Lake City, Starke, and other neighboring towns are anxious for a league, and if such a venture can be properly launched, with proper management, there is no reason why these cities cannot form a State league.

Everybody interested in baseball are requested earnestly to be on hand tonight at the council chamber.

THE SALARY GRAB.

When the increase of the salaries of Congressmen from $5,000 to $7,500 was voted upon in the House of Representatives last winter the proposition was defeated by 188 nays to 106 yeas, and yet the increase was eventually agreed to through the connivance of the Republican speaker and Republican majority. This was accomplished by refusing to second the demand for a roll call when there was another opportunity to press the increase proposition, so it was adopted without putting the members on record who favored or opposed it. The vote on the Legislative appropriation bill in December last is therefore the only test of how the members voted. The Senate was more open and above board and a roll call disclosed 21 Senators voting against the increase and fifty-three for it.

It was expected that when this fifty per cent increase in salary was voted that the 20-cent mileage for each mile traveled going to and returning from each session of Congress would be modified to the actual expense of the trip. This graft, however, is still collected and amounts to $1,300 for the members from the Pacific States and others in proportion to the distance traveled, which is all out of reason with the actual expenses, which do not exceed twenty per cent of the amount paid by the Government.

After July 1 Congressmen will receive $125 a month as the salary for their clerks and as many members do not employ any regular clerks, to such this amount can be mostly added to their salaries. There are, however, some members who employ two clerks and expend more for clerk hire than they receive. There is also another perquisite of Congressional office of $125 per annum for stationery which is rarely expended, as the official letter-heads and envelopes furnished free to each member of a committee and the franking privilege cover most of such expense. Then the Government furnishes the large Manila envelopes that are used for mailing speeches and does the work of enclosing and sealing them free of charge, the members only paying for printing the speeches.

Some members of Congress have been known to save all their salaries, and W. F. Tyndall, who was retired at the last election as the member from the Fourteenth District of Missouri, boasted before leaving Washington, that he had saved his entire salary of $10,000. He acted as his own clerk and was enabled to live in Washington on the money which he drew under his clerk-hire and stationery allowances.

BRYAN VIEWS ON RAILROADS.

William Jennings Bryan has made a definite announcement of his position on the railroad question. He says that he is ultimately in favor of government ownership because he believes that mere government control will prove inadequate to cope with the railroad situation. He says, however, that he knows that many, perhaps even a majority of the people are not ready for government ownership, that they are afraid of it as too radical, and he favors a trial of government control in order to prove what it will and what it will not accomplish. So for the present, he stands exactly on the same footing as the present administration. But he goes farther in declaring that the valuation of railroad properties should be made on the basis of the actual money invested in them. This would be a drastic squeezing out of all water. Rates, he says, should be fixed to give a fair return to this capitalization. Such a scheme would be welcomed by shippers all over the country. It would send the produce of the farmer to market cheaper and bring the farmer the products of the factories cheaper than ever before in the history of the country. But there would be an awful fight against the program by the railroad interests, such a fight in fact that it is doubtful if it could be put into effect in the next decade.

THE JUNE DESIGNER.

We note with interest the appearance in The June Designer of stories by Anne O'Hagan, and Isabel Gordon Curtis, while the continued sketch, "Economy Farm," by Miles Bradford, the author of "Carlotta and I," still amuses and instructs the young farmer, and interests all who know either more or less than he about farming.

But The Designer never forgets its purpose of being a magazine of practical use about the house both for the women and men of the family. It makes no strain after either facts or fiction aimed to startle its readers, but with conservative enterprise, constantly offers articles of every-day use in running the present condition of both.

Many of the summer frocks pictured and described are graceful and pretty beyond the average. The "Graduation Gowns" are seasonable and have the unusual quality of being simple as well as pretty.

Mary Kilsyth, a regular contributor to The Designer, has a timely article on the "Verandas of the Day." It helps in a very good work—that of making people who have country houses realize how much comfort and room they are doing without when they have no adequate verandas to step out upon.

The Designer for June has endless suggestions that one might begin by using today.

The heayweight immigration commission authorized by the last Congress has just got to work. Why Congress should want more light on the subject of immigration just now is a little hard to see. This Government has been paying special agents, special commissioners and special junketing committees to investigate the immigration problem for the past ten years. The latest "special commissioner" sent abroad was T. V. Powderly, a very estimable gentleman who spent a year in Europe at the Government expense and wrote the longest if not the most enlightening report on immigration that has ever been submitted to a long suffering government. But now this thirst for knowledge is to be further assuaged by a commission of three Senators, three Representatives and three appointees of the President, all of whom have gathered in Washington preparatory to taking summer tours at Government expense to the coolest and remotest quarters of the earth. This is a rich country and we can well afford the luxury of special commissions if we want to pay them. But the immigration excuse is worn almost threadbare. The fact of the matter is that Congress does not need and does not want any further enlightenment on the immigration business. It does not want to pass any immigration legislation of any sort if it can help it. Frankness and economy both would suggest simply standing pat and doing nothing, but what Congress wants is an excuse for delay, and it will get it while waiting for the report of this latest and most unnecessary commission.

Senator Charles Dick, old-time friend and colleague of Senator Foraker, has gone to Ohio to personally conduct the fight of the Foraker against the Taft forces. It is a move that might have been expected, in fact, was expected as a development of the campaign. The interest lies, however, in the fact that Senator Dick has made the flat announcement that the Ohio Republican machine is against Roosevelt, Rooseveltism and any Roosevelt candidate. Thus the issue is squarely made, and it will be a finish fight, for neither the President nor Senator Foraker are in the habit of giving quarter. Outsiders may look on with interest and gain considerable instruction therefrom. It is the first serious and open split in the Republican ranks, and the question that will be settled for the rest of the campaign will be whether or not the President's personality and popularity in his own party will avail against one of the most effective machines in one of the worst machine-ridden States.

POPPELL—CAILE.

Marriage of Two Popular Young People at Island Grove Saturday.

One of the prettiest weddings of the season was that of Miss Jessie Lula Caile and Mr. Joseph Clayton Poppell, which occurred at the Methodist church of Island Grove at high noon, Saturday, April 27th.

The church had been most beautifully decorated by the friends of the bride, the color scheme of white and green being carried out in an artistic arrangement of palms, ivy, magnolia, oleander and potted plants.

Promptly at the appointed hour the strains of Mendelssohn's wedding march pealed from the organ under the skilful touch of Miss Stella Martin, one of Marion county's most talented young ladies. To the signal given by Mrs. Theo. J. McBeath, the charming wife of our efficient high school principal, the bridal party advanced down the aisle. First came Mr. Willie J. Evans and Mr. Turner Z. Cason; Mr. Charlie L. Fisher and Mr. Horace V. Cassels, who, crossing, took their places to the right and left of the altar. Following them came the bridesmaids, Miss Bessie Baker and Miss Mary Francis McBeath, crossing as did the ushers at the altar.

All eyes were directed toward the lovely bride advancing with her sister, Mrs. Frank Ayers, as matron of honor, and preceded by her niece, dainty little Rena Mae Caile, who bore on a white silk cushion the wedding ring. They were met at the altar by the groom and his best man, Mr. J. Willie Poppell. The ceremony was performed in a most impressive manner by Rev. A. C. Odom of Starke.

The bride was most becomingly gowned in a lovely white organdie, with very elaborate lace and ribbon trimmings. Her bouquet was of white oleander and ferns, tied with white tulle. A wreath of lillies-of-the-valley adourned her hair.

The matron of honor was exquisitely dainty in white lingerie gown of Persian lawn and lace with ribbon. Both bridesmaids were charming in flowered silk organdie with valenciennes. Miss Baker in pink and Miss McBeath in blue. All carried shower bouquets of Marchal Neil roses and maiden hair fern, tied with tulle to match costumes. The little ring bearer was dainty and sweet in white China silk, with lace.

Immediately after the ceremony the bridal party were driven to the home of Mrs. B. T. Cason, where a most delicious wedding breakfast was served. Here the color scheme of white and green was tastefully carried out in parlors and dining-room, and the wide veranda, where Mrs. Cason received her guests in her own charming manner, was a perfect bower of beauty.

The large wedding cake held the place of honor in the center of the handsomely appointed table. The cutting of the cake for ring, thimble and dime resulted in much fun among the guests.

The bride's going-away gown was a lovely grey cloth eton suit, with Persian bands. With this was worn a dainty silk waist, with hat and gloves to match.

Amid the showers of rice and good wishes of their many friends, the newly wedded pair took their departure on the 2:10 train for New River, where they will visit the parents of he groom before going to their future home at Lawtey.

Both Mr. and Mrs. Poppell are known as among Florida's most gifted teachers. The bride has always made her home in Island Grove, where she has endeared herself to all who know her by her lovely disposition and noble character. Mr. Poppell is the principal of Lawtey High School, where he is greatly admired by both patrons and pupils.

The wedding presents were most numerous and beautiful, consisting of silver, cut glass and china.

Among the out-of-town guests present were: Mrs. Frank Ayer of Ft. Pierce, Miss Stella Martin of Ft. McCoy, Mr. J. Willie Poppell of Jacksonville, Mr. Turner Z. Cason and Mr. Charlie L. Fisher of the University of Florida, and Messrs. Tom and Edd Poppell of New River.

MONDAY WAS QUIET AT STATE CAPITOL

Only Afternoon Sessions Held by Both Legislative Branches.

TEACHERS' SUMMER SCHOOLS

A Bill Providing the Appropriation of $2,500 a Year for Two Years to Secure a Better Attendance Met With Objection, But Was Passed.

Both houses held comparatively brief and unimportant sessions Monday afternoon, the Senate meeting from 3 to 5:30 and the House from 3:30 to 5:40 o'clock.

After considerable debate the House of Representatives voted down the concurrent resolution introduced by Mr. Carter of Alachua authorizing the joint committee which is investigating the action of the trustees of the internal improvement fund to employ an attorney. Mr. Carter spoke in favor of the resolution, saying the majority of this committee deemed it necessary to employ an attorney and that they hoped to keep this expense within $1,500 or probably $1,000. In spite of this, however, the House voted down the resolution, 31 to 26, Mr. MacWilliams of St. Johns changing his vote to aye in order to move a reconsideration in the morning.

SENATE PROCEEDINGS.

There was little of interest in the Senate beyond a resolution requesting the Governor to furnish the body a list of all clerks and attaches of the Capitol, together with their duties and salaries, and the introduction of a few new bills, among which were the following:

By Mr. West of the First—Regulating the expenditure of money in primary elections and requiring publication of same.

By Mr. Baker of the Twelfth—Appropriating $1,500 for expenses of State in mandamus proceedings against the Atlantic Coast Line Railroad Company.

By Mr. West of the First—For better attendance at teachers' summer training schools.

By Mr. Adams of the Thirtieth—Relating to road duty.

A large number of bills were advanced to third reading.

Several were submitted for others of like nature.

Senate bill No. 164 by Mr. Massey—For uniform law relating to warehouse recepits, was killed by indefinite postponement and the following were passed under waiver of rules:

By Mr. Crill—Authorizing transfer from fine and forfeiture funds and other county funds of surplus arising from convict hire.

Mr. Adams' bill relating to prisoners, which was also a special order, was passed informally.

It is probable that there will be a hearing Thursday night before the House and Senate committees on finance and taxation on the Tampa State fair appropriation bill.

By Mr. Harvell of Santa Rosa—Making an appropriation of $2,500 annually for two years to secure a better attendance upon teachers' summer schools. Amendments adopted. One of these excludes from the benefits of the appropriation teachers living in counties where normals are located. After considerable discussion on the bill, same was passed by a vote of 37 yeas, 12 nays.

The House adjourned until Tuesday morning.

The Union Picnic.

Owing to the inability to secure a satisfactory tariff, the committee of the four churches who intended to hold the union Sunday school picnic at Worthington Springs on next Friday, announces that the same has been postponed until a suitable place can be selected, which the committee hopes to secure at an early date.

WARREN—JOHNSTON.

Marriage of Two Popular Young People in Apalachicola Wednesday.

The following from The Apalachicola Times of the 27th inst., by a correspondent of that paper, will prove of interest to readers of The Sun, as Mr. Warren is the popular receiver of the United States land office, and himself and bride will make their home here:

"Wednesday morning at 6 o'clock Miss Vera Johnston and Mr. Shields Warren were united in the holy bonds of matrimony. Despite the early morning hour, the church was crowded with the many friends of these popular young people.

"The church was beautifully decorated by loving hands with our own palmetto and ferns. Even nature seemed awakened to especial interest, for just before the strains of the wedding march began the glow of the early morning sun flooded the chancel with mellow tints of pink and gold, making a beautiful background for the bridal party who came in as follows: Miss May Moore with Mr. Herbert Johnston, Miss Genie Moore with Mr. Mack Parlin. Miss Sadie Patton, as maid of honor, came in alone. The bride was accompanied by her father and was met at the alter by the groom and his best man, Mr. Farley Warren. The ushers were Mr. T. J. Moore and Mr. J. H. Cook. Mrs. Wefing and Mr. Murat played very softly, "Hearts and Flowers," while Rev. M. H. Norton pronounced the words which made Mr. Shields Warren and Miss Vera Johnston man and wife.

"Seldom do we see such a beautiful wedding. The bride was lovely in a going-away gown of blue radium silk and hat to correspond, covered with dainty pink and blue flowers. Her bouquet was of white roses tied with white tulle. The pretty young bridesmaids all wore white lawn dresses and white hats and carried bouquets of blush pink roses tied with pink tulle.

"Immediately after the ceremony they drove to the Crescent City's dock, accompanied by a host of friends who went prepared with bags full of rice and hearts full of good wishes.

Mr. and Mrs. Warren left for the Jamestown Exposition, Washington, D. C., and New York, and will be at home to their friends in Gainesville, after May 10th.

"Miss Johnston is one of Apalachicola's most charming young ladies, who by her modest demeanor and many lovely traits of character has won the love and admiration of all who knew her. Her father has been Mayor of our city for about eighteen years with the exception of an interim of two years, and has been prominently identified with every movement for the good of Apalachicola. His paper has been a veritable trumpet for 'Greater Apalachicola.'

"Mr. Warren is an exceptionally bright and promising young man, holda responsible position in the U. S. land office at Gainesville, but we still claim him as one of our young men, as he has grown to manhood among us, and has by his exemplary life won hosts of friends, who wish for him and his bride the choicest blessings of life's journey.

"Many beautiful gifts attested the esteem of the community for this popular young couple, and I wish to mention in particular the handsome silver tea-service presented by the Franklin Guards, of which company Mr. Warren has been a member since he left school. A beautiful cut glass water bottle and tumblers and a silver water set with salver from Dr. J. H. Alderman and the Land Office at Gainesville.

"The only regret expressed concerning this marriage is that we will loose two young people of sterling worth and a community always hates to part with promising young people whom they have watched bloom into successful manhood and womanhood. We congratulate Gainesville that our loss will be her gain."

Mr. and Mrs. Warren expect to arrive in the city about May 10, and they will be welcome by a host of friends, all of whom extend congratulations and best wishes for a long and happy married life.

THE CITY COUNCIL.

New Organization Evidently Does Not Like Charter Amendment.

Pursuant to a call of the president, the City Council met in special session Monday afternoon, at which were present President Broome, and Aldermen Bunch, Cannon, Mixson, Vidal, Wittstock and Webster.

Alderman Webster offered the following resolution, which passed the Council by unanimous vote, and was adopted:

"Whereas, it is the judgment of the City Council of the city of Gainesville that it would be unwise and contrary to the wishes of the people of Gainesville for the Legislature to enact into law the amendment to the city charter of the city of Gainesville, as passed by the State Senate, being Senate Bill No. 274, and

"Whereas, The charter granted to said municipality by the Legislature of 1905 gave to said city local self-government and made ample provision for all needed or desired amendment to said charter by a vote of the people, therefore, be it

"Resolved, That this Council do hereby recommend to our representatives in the Legislature to defeat said proposed bill in the House of Representatives; and should said representatives fail to defeat the same, that the Governor be earnestly requested to veto said act."

After which the Council adjourned.

Wins Weighty Husband.

Waycross, Ga., April 30.—W. T. The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

A Sad Trip North.

Albert Scranlon of Jefferson, Ohio, one of the most influential and wealthiest citizens of his section, passed through the city Monday en route to his home from St. Petersburg.

This was a sad trip for Mr. Scranlon, for he was grief-stricken, the remains of his devoted wife being taken to her home. Mrs. Scranlon died suddenly at St. Petersburg on Sunday.

For the past six years Mr. and Mrs. Scranlon, who have friends in this city, have been spending their winters at St. Petersburg and other points, but this was a sad ending of a season which had been passed most pleasantly.

INDIANS PEACEABLE SAYS CLERGYMAN

Defends the Seminoles of Fish-Eating Creek Region.

THERE WAS NO UPRISING

Report to the Effect That Tribe Was in State of Revolution Account Theft of Chief's Bones Absolutely False—Everything Peaceful.

Rev. Rudolph Starling, a prominent Episcopal divine of Wulfert, Samuel Islands, but who has charge of the pastorate of the Episcopal parishes of Arcadia and Wauchula, DeSoto county, is in the city.

Dr. Starling is a pleasant, fluent and interesting talker. For six months he was engaged as a missionary among the Seminole Indians, in the meantime becoming very familiar with their language and habits and picturesque surroundings.

In speaking of the recent scurry over the capture of the Indian Chief Big Foot's bones, which it was reported had caused an uprising of the Seminoles, who were preparing for war, Dr. Starling states there was nothing but fiction to the story. While it is true it is believed that the bones of Big Foot were disinterred and taken away, that has been five or six years ago, and the matter has passed long ago.

"The Seminoles are a peaceable, lovable, loyal people," he said, "and the report by some possible designing person or persons that they were on the warpath is a great injustice to the tribe. There is absolutely nothing to the story."

UNIVERSITY NOTES.

Happenings of Interest at This Institution During Week.

The conversation at the German table in the mess hall has improved noticeably during the past month. The students can now discuss in German almost any subject of conversation that may arise. The presence at the table of Dr. and Mrs. Berger, both of whom are of German decent, of Drs. Benton, Crow and Flinn, all of whom have spent several years in Germany, and of Herr Hess, who has but recently arrived from Stuttgart, has added much to the interest of the students. This German table is proving a valuable adjunct to the Department of Modern Languages.

On Saturday, May 4th, will be held the second of the series of contests being arranged by the committee on athletics. The event will be mainly of a military and aquatic nature. The contestants are practicing earnestly. At the swimming pool may be seen every afternoon a score of men practicing for the diving and swimming matches, and at the target range the crack of the pistol and of the rifle is heard incessantly during the hours free from college duties. The privates in the corps of cadets are all eager to win a prize in the drilling contests, among which the "wall scaling" will perhaps prove most interesting to the spectators.

The College Battalion took part in the Confederate Memorial exercises held in Gainesville on the afternoon of April 26th, and marched into town in strictly military formation.

Dr. Flint has taken one of his classes in Chemistry to Jacksonville. While there they will, at the invitation of the managers, have an opportunity of examining the various plants which illustrate modern methods and appliances in industrial chemistry.

Among the recent lectures before the students in the Department of Education which have proved particularly interesting were those by Dr. Flint on "The Chemistry of Digestion," and by the Honorable Horatio Davis, on "The Judicial System of the United States."

Dr. Sledd left Gainesville on the 25th to deliver an address to the graduating class of the Brooksville high school.

The following is the program of the Commencement exercises, including a list of the speakers as far as they have been definitely selected:

Saturday, May 25, 8 p. m.—Debate—Dixie Literary Society.

Sunday, May 26, 10:30 a. m.—Baccalaureate Sermon by Rev. S. Y. Jameson, president Mercer University.

Sunday, 8 p. m.—Sermon before the Y. M. C. A.

TUESDAY'S FIRE.

Gainesville Coffin Factory Was Ablaze, But Quickly Extinguished.

An alarm of fire was turned in from Box 81 at 4 o'clock Tuesday afternoon, which summoned the department to the plant of the Gainesville Planing and Coffin Company, South Gainesville.

Fortunately the fire was discovered in time and an alarm sent in promptly. The result was that the flames were extinguished with but little damage.

The fire started in a tank near the main building, but the origin could not be learned.

Delegates Are Gone.

The delegates of the Kirby Smith and J. J. Finley chapters, U. D. C., the names of whom appeared in The Sun of Tuesday morning, left on the afternoon train of that day over the Seaboard Air Line for Jacksonville, where they will represent their respective chapters at the State convention of the Daughters.

It had been announced that Mrs. J. M. Haile, the president of Kirby Smith Chapter, would be unable to attend, but during the morning she arranged matters in a way that would permit her going, hence left with her delegation, much to the delight of the ladies. Mrs. A. B. Oliver, however, of Kirby Smith Chapter, found it impossible at the last moment to get away.

The delegates will return Saturday.

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicines. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—"I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others."

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.
